Description	The Lions Peace Poster Contest has 600.000 participants worldwide and especially in Europe there is a big interest in this contest, which offers a very good opportunity for all Lions Clubs to support the awareness for the good purposes of our organisation. It is an opportunity to be present in the media too. Join the discussion to brainstorm about ideas about how to increase the impact of the contest on the youth, how to reach a wider audience and talk about how to bring more attention to our organization.
